

*A Fresh Approach to Memory Care*

Caregiver Education Series Presented by the Alzheimer's Association

Join us and our guest speaker from the Alzheimer's Association – 4 part series

## #2 Effective Communication

Individuals living with dementia often experience changes in behavior that can be confusing to friends and family. For caregivers, learning to decode messages through attitude, tone of voice, facial expressions, and body language can help both parties to connect and communicate in meaningful ways. This class explores how communication takes place with someone who has Alzheimer's disease and how to better interact.

**August 16, 2018 from 10:30 AM – 12:30 PM**

***Please RSVP to 941.584.5575 by August 15***
